

The DCS Corsica outdoor wall mount kiosk is offered with 32", 43", 55", or 65" displays so no one will miss your message. These kiosk systems provide large format viewing for a variety of digital signage and self-service applications. DCS outdoor wall mount systems are perfect for unattended public use as there are no exposed cables, wires, or ports and include your choice of custom colors, branding, or vinyl wraps.

The Corsica features a sealed, water resistant enclosure as well as heating and cooling systems that are thermostatically controlled to keep all the electronics temperate, even in extreme weather conditions. Powered by a Windows PC, the DCS Corsica kiosk is a new generation of interactive signage that delivers digital content for all your outdoor marketing needs.
